# History

- People For People has been providing Employment and Training services in Yakima County since 1965. Over the years we have expanded services to include Kittitas, Klickitat and Skamania Counties.
- Our mission is to strengthen communities with resources and opportunities that empower people and enrich lives and that is how we approach our service delivery.

# Employment and Training Programs

- Are customer driven to ensure job seekers have the services they both want and need.
- Individualized to make sure each can achieve success.
- Focused on increasing skills, employment, job retention and a pathway to increased earnings.

# Populations Served

- **Dislocated Workers** who are laid off through no fault of their own and need to get back to work as quickly as possible.
- **Low income Adults** who need skills to compete for living wage jobs and become financially self-sufficient.
- **Youth ages 16-24** who need to complete education, overcome barriers to employment, gain work experience and determine a career pathway to living wage jobs.

# Services to Participants

- Assessment of skills, education, interest and need for training to meet local demand.
- Identification of a career path.
- Development of a training plan to outline a progression of activities and identify the resources that will be needed to achieve success.
- Education and training to ensure participants have the skills and credentials local business needs.
- Continuous support to help reduce barriers that might get in the way.

# Benefits For Business
